EDUCATION

WELTEC INSTITUTE
Web Developer Course
2023 - 2024

MS UNIVERSITY
MSC APPLIED CHEMISTRY
2019 - 2021

MS UNIVERSITY
BSC CHEMISTRY
2016 - 2019

SKILLS

- Frontend Development: React.js, Next.js, Redux, Tailwind CSS, JavaScript
- Backend Development: Node.js, Express.js, NestJS, REST APIs
- Database: MongoDB
- Version Control: Git, GitHub
- Payment Systems: Stripe
- Tools & Libraries: Redux, Framer Motion, Axios

EXPERTISE

- Full-Stack Development
- Web Application Architecture
- UI/UX Design & Responsive Design
- Problem Solving & Debugging

ABOUT ME

I'm a Full-Stack (MERN) Developer with strong expertise in building responsive, production-ready applications. Currently working as a React Developer at Drevol Software, where I maintain a live food ordering platform across 40+ stores in the USA and manage the backoffice system for real-time menu control. Alongside my professional work, I've built multiple hands-on MERN projects, gaining practical experience in Node.js, Express.js, API development, authentication, and database management. I'm passionate about crafting clean, scalable solutions and continuously improving my skills across both frontend and backend to deliver end-to-end, impactful products.

WORK EXPERIENCE

DREVOL SOFTWARE

REACT DEVELOPER

2024-Present

- Developed and maintained the Honest food ordering website, live across 40+ stores in the USA, handling thousands of real-time transactions.
- Built responsive and scalable UIs using React.js and Tailwind CSS, ensuring fast and mobile-friendly user experiences.
- Integrated Stripe for secure online payments, enabling smooth checkout and transaction handling.
- Developed and managed the backoffice system for item and menu management, enabling restaurant admins to update content in real-time. Included features for store onboarding, category and station management, and dynamic menu item configuration.
- Built a Frontdesk PWA for restaurant staff to manage live orders, integrated with Stripe Reader for seamless in-person payments.
- Integrated a live chatbot on the ordering site to enhance customer support and engagement.
- Contributed to building the Drevol company website using React and Framer Motion, ensuring brand consistency and delivering a modern, animated UI/UX experience.
- Implemented Azure App Insights and Microsoft Clarity to log user behavior, track interactions, and gather insights, enhancing performance monitoring and optimizing the customer experience.

ALEMBIC PHARMACEUTICAL LTD

PRODUCTION EXECUTIVE

2021-2023

- Oversaw daily production activities in accordance with GMP and SOP guidelines to ensure quality and compliance.
- Collaborated with QA, QC, and maintenance teams to support seamless batch manufacturing.
- Maintained and reviewed batch manufacturing records, equipment logs, and deviation reports.
- Utilized software tools like SAP ERP and LIMS (Laboratory Information Management System) for material tracking, batch planning, and documentation.
